

How to get Mathematica?

- 1) Create account at: <http://user.wolfram.com/>
- 2) Click this, login and manage to get activation key
<https://user.wolfram.com/portal/requestAK/19bce9af2a5e13230bdc385a0e41a7f8066ca8fb>
- 3) Go to My Products and Services; “Mathematica for Students for Sites“ should be automatically associated with your ID, click it.
- 4) Provide all details, use your activation key (should have been sent to your e-mail) and download Mathematica (916 MB).
- 5) Install Mathematica. Open Mathematica and use your activation key to activate your Mathematica.

Notes: prior installation, it is useful to check settings of your SIS account: your account should allow searching for you even for an anonymous user (*povolení vyhledání osoby anonymním uživatelem*). Don't use diacritical marks in your login and password.
