List of duties

  	 	  	 					
Type	Code	Title, details	Ac. year	Semester	Commentary		Year of insertion	
  publication		The best of the thesis (IES WP publication) Publication of an IES WP based on my diploma thesis, with an expected title "The best of the thesis". This WP will be a joint work with my diploma thesis supervisor Milan Scasny.	2023/2024	both				2023/2024
  publication		The best of the thesis (Scopus submission) Submission to a foreign journal listed in the Scopus database. The paper will be based on my diploma thesis, with an expected title "The best of the thesis". In case of very positive reviews on the IES WP version, we first plan to submit to the famous Journal of the Best Diploma Theses (5-year IF = 0.6). In case of rejection in this journal or in case of less positive reviews from IES WP we send the paper to the Journal of Almost the Best Diploma Theses (Scopus journal without impact factor), followed by the Journal of Very Good Diploma Theses, Bulletin of Diploma Theses, and Diploma Theses Letters (all Scopus journals without impact factor).	2023/2024	both				2023/2024
  publication		Effect of oil prices on small companies in the Czech Republic and abroad (IES WP submission) Submission to the IES WP series with an expected title "Effect of oil prices on small companies in the Czech Republic and abroad".	2023/2024	both				2023/2024
  publication		Effect of oil prices on small companies in the Czech Republic and abroad (Scopus submission) Submission to a foreign journal listed in the Scopus database with an expected title "Effect of oil prices on small companies in the Czech Republic and abroad". In case of very positive review on the IES WP version, we first plan to submit to the famous journal Energy Policy (5-year IF=1.9). In case of rejection in this journal or in case of less positive reviews from IES WP we send the paper to the Journal of Energy and Development (Scopus journal without impact factor), followed by the Journal of Energy Finance and Development, Energy Studies Review, and Resources and Energy (all Scopus journals without impact factor). The next steps in the "submission tree" will be Prague Economic Papers and ANCO Czech Economic Review	2023/2024	both				2023/2024
  teaching activity		BT and MT refereeing I will serve as an opponent of Bachelor's and Master's theses.	2023/2024	both				2023/2024
  other		Study documents Till May 31 of this academic year, I delivered my "Annual assessment of fulfilling the ISP" + "Supplement" in which I further specify the intended course of my doctoral studies over the next academic year. In case of termination my study interruption I will fill in the required documents ("Annual assesment of fulfilling the ISP" + "Supplement" for the next academic year) within a month from the end of my study interruption period.	2023/2024	both				2023/2024
  publication		Effect of oil prices on medium-sized companies in the Czech Republic and abroad (IES WP submission) Submission to the IES WP series with an expected title "Effect of oil prices on medium-sized companies in the Czech Republic and abroad".	2024/2025	both				2023/2024
  publication		Effect of oil prices on medium-sized companies in the Czech Republic and abroad (Scopus submission) Submission o a foreign journal listed in the Scopus database with an expected title "Effect of oil	2024/2025	both				2023/2024

Duties specific for the field of study

Publications and other study obligations required for admission to the state doctoral examination:

By the end of the 4th year, I will have passed the state doctoral exam (SDE). No later than one month prior to the SDE terms window specified in the Academic Calendar of the respective academic year, I enroll for the SDE and deliver all materials demonstrating compliance with the conditions for admission to the SDE. These conditions are:

- Having published or accepted for publication one scientific article (in that case I attach the postprint or a well verifiable confirmation of acceptance for publication) in a scientific journal included in the Scopus database (or in a journal with a non-zero impact factor from SSCI, SCI databases). If an article for SDE is published in a journal with an Article Influence Score (AIS) of less than 0.1, the relevant committee will assess the quality of the article (using the three-year average AIS at the time the article is accepted for publication; if this is not available two-year average or current AIS is used). In addition, at least one scientific article in a series of at least IES Working Papers Series quality (in that case I submit a request to the chairman of the Doctoral Council for consideration). An alternative condition for publication duty is one research article published or accepted for publication in a scientific journal with a score of at least "B" according to the internal methodology of measuring the quality of scientific journals at IES FSV UK (see Director's Measure 2/2021 "Research" and the document Journal Evaluation at IES FSV UK). Only articles accepted for publication when the student studies the PhD at the IES will fulfil this condition. All articles must be affiliated to IES FSV UK. Only articles in Economics, Finance and closely related fields will be accepted.
- Fulfillment of the special requirements of the Doctoral Council (if there are any).

Publication and study obligations required for admission to the defense:

At the time of submission of my application to the pre-defense and defense I commit myself to have:

- Passed the state doctoral examination.
- One research article published or accepted for publication in a scientific journal with a score of at least "B" according to the internal methodology for measuring the quality of scientific journals at IES FSV UK (see Director's Measure 2/2021 "Research"; and Journal Evaluation at IES FSV UK). Alternatively, at least two articles published or accepted for publication in scientific journals included in the Scopus database or in scientific journals with non-zero impact factor from the SSCI and SCI databases. If an article for defense is published in a journal with an Article Influence Score (AIS) of less than 0.1, the relevant committee will assess the quality of the article

(using the three-year average AIS at the time the article is accepted for publication; if this is not available two-year average or current AIS is used). At least one of the articles has to be part of the dissertation thesis. These articles do not have to be part of the dissertation thesis. Only articles accepted for publication when the student studies the PhD at the IES will fulfil this condition. All articles must be affiliated to IES FSV UK. Only articles in Economics, Finance and closely related fields will be accepted.

At the time of submission of my application to the pre-defense, I commit myself to have the dissertation thesis at least in the following form:

- At least one dissertation article is fully finished (the supervisor approved the final version as a dissertation chapter), the second article is almost finished (the student processed the last supervisor's comments and awaits its approval) and the third article is elaborated. The elaborated article has at least a clear structure, methodology, goal of the research and significant work has already been done.

BT and MT opponency: Throughout the entire duration of my study, I will serve as an opponent of Bachelor's and Master's theses.

Study documents: Till May 31 of each academic year, I deliver my "Annual assessment of fulfilling the ISP" + "Supplement", in which I further specify the intended course of my doctoral studies in the next academic year. In

case of a new fact (e.g. approval of a SCOPUS publication, or IES WP) in the ISP between May 31, and a meeting of the Doctoral Council (at the beginning of the academic year), I will notify the CDS no later than the end of the given academic year. In case of terminating my study interruption I will fill in the required documents ("Annual assessment of fulfilling the ISP" + "Supplement" for the next academic year) within a month from the end of my study interruption period.

 **Student action:**
